Sir:

This is a request to correct a misspelling in the Title which is the fault of the Office. On March 11, 2008, Applicants filed an amendment to change the Title of the invention to: "Local Area Network Utilizing Macro And Micro Diversity Techniques In Receiving Signals From Cell Sites." Applicants note that the Office's PAIR records now have the title "Local Area Network Utilizing *Marco* And Micro Diversity Techniques In Receiving Signals From Cell Sites." *Please correct the title to change "Marco" to "Macro."*

Respectfully submitted,
